

April 6, 2020

To Members and Parents,

RE: Covid-19

We hope you are doing well in these unprecedented times.

Wrestling Nova Scotia has made the decision to extend the suspension of all events until May 10th, 2020. The Board of Directors will meet April 20th to reassess the situation, based on current health advisory statements, and update as appropriate.

For Clubs and Members concerned about postponed events, no sanctioning of events (including practices) will be considered until the Provincial State of Emergency in Nova Scotia has been removed and the Board discusses how to best proceed.

Should you have any questions or concerns, please feel free to reach out to us at the contact information below.

Thank you, stay healthy and safe,

Barby Cochrane, President
